

GRANDS

BISTROBAR

Welcome to the new Grands Bistrobar, a place where our ambition is for our friends to feel at home at Stationsgatan44. Our experienced kitchen team with great curiosity has carefully put together different bistro-dishes according to the season, that should both feel familiar as well as surprise your taste buds and mind. You will find everything from our innovative thinking in an exciting snack beside your drink, in the chef's specialty "Henkes moules" that has accompanied him in his work both around Sweden and abroad, and in our tasting menu of 5 dishes suitable for your special celebration. The menu and drink list are influenced by flavors from Southern Europe and the Riviera in combination with classic Swedish local flavors where our ambition is that there should be something for everyone.

A warm welcome to our home
